To Whom It May Concern:

I would like to take this opportunity to extend my personal thanks to your staff on making my visit to Montreal a pleasant and enjoyable learning experience. Marie did a splendid job with the Hotel arrangements; which I must admit was very accomodating and classy. The training session conducted by Gabriel; with the assistance of Daryl; provided us with expert Technical knowledge and practical application of the M2 Unit. This has left me with a better understanding and appreciation of the equipment Jenlee has. In closing I would like to Thankyou from allowing us to be a part of the training seminar. We have nothing but pleasant memories of our trip and experience; not to mention how courteous;well prepared,and professional ,the staff was at Hydro Mobile.

Very truly yours,

Jerome B. Nowak
